Intelli-Services Ranked as One of Top Software Companies in the East Bay

San Ramon, CA - Intelli-Services, Inc. (ISI), a San Ramon based Electronic Content Management (ECM) solutions company has just been ranked by the East Bay Business Times as one of the Top 15 Software Companies in the area. ISI currently ranks 13th on the list including software heavy hitters such as Sybase Inc. and Front Range Systems Inc. ISI was also the only ECM solutions company to make the Top 15.

Co-Founder and CEO William Westfall was pleased to see ISI make the list." It is an honor to see ISI on such a prestigious list with other well known and respected companies. This is only more proof that ISI is continuing to grow and blossom into an industry leader."

The list was recently published in the October 5th 2007 edition of the East Bay Business Times. It will also be part of the East Bay Business Times 2008 Book of Lists; a well known reference book used by thousands of companies throughout the area.
